Just be yourself! Originally written for teens, this book is for anyone who wants to reconnect with their personal dignity and self respect and develop both insight and awareness. We encourage our kids to be themselves and their peers discourage it. We have negative subcultures within all sorts of environments but we can create positive ones to offset them. We must work together to change our existing culture from one of quiet desperation to one of dignity and respect, to let people be who they are without persecution or disdain.
