By Andy Ferguson

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Bushcraft Survival Skills for Beginners The Fundamental Skills You Need to Thrive Alone in the Wilderness In this book, you will learn about what it takes to not only make it out of the wilderness alive, but to thrive in it and enjoy it. The more advanced society has become technologically, the less people have become connected to nature, much unlike our ancestors. By becoming one of those people, the drastically less prepared you will be to face and safely overcome a survival scenario. With the survival and self-sustainability skills in this book, you will learn more than just how to build a fire or construct an overnight shelter. You will rather learn how to become one with nature and learn to transcend it rather than fight it The skills that you will learn about in this book are skills that were once widespread with our ancestors, but have since been forgotten by the overwhelming majority of the population. By forgetting these skills, people have largely stepped away from the true survival mentality of how they can become...
