Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a true story; it just hasn't happened yet. Viral Pandemic The year is 2142. The Earth has been ravaged by a pandemic virus that is inexorably killing mankind. Over one billion people have already succumbed to the plague and man's attempts to stop the virus have failed miserably. The withering economic strain from the so-called "socialist States" and the insidious corruption of Texan values by the nihilists that dominated Washington and Hollywood finally forced Texas to seek separation from...
