

Watermelons: How Environmentalists are Killing the Planet, Destroying the Economy and Stealing Your Children's Future

Filesize: 8.06 MB

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.

(Dr. Reta Murphy)

WATERMELONS: HOW ENVIRONMENTALISTS ARE KILLING THE PLANET, DESTROYING THE ECONOMY AND STEALING YOUR CHILDREN'S FUTURE

Biteback Publishing. Paperback. Book Condition: new. BRAND NEW, Watermelons: How Environmentalists are Killing the Planet, Destroying the Economy and Stealing Your Children's Future, James Delingpole, If global warming isn't real then how come the ice caps are melting? Why would all the world's top scientists lie to us? What exactly is so wrong with biofuels, wind farms, carbon taxes, sustainability and preserving scarce resources for future generations? And what about Bangladesh, the drowning Maldives and all those endangered polar bears? James Delingpole has all the answers - and they're not the ones Al Gore would like you to hear. In Watermelons, Delingpole tells the shocking true story of how a handful of political activists, green campaigners and voodoo scientists engineered the world's biggest, most expensive and destructive outbreak of mass hysteria - one that threatens the very fabric of Western civilisation. As the world stands on the brink of a new Great Depression, Delingpole's message could not be more timely or urgent. In order to save our planet must we really surrender to the green movement's misanthropic tyranny? Or might there be a better way?.
