Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

THE ROLE OF SCIENCE IN THE EDUCATIONAL SCHEME. I value in a scientific mind, most of all that love of truth, that care in its pursuit, and that humility of mind which makes the possibility of error always present more than any other quality. This is the mind which has built up modern science to its present perfection, which has laid one stone upon the other with such care that it to-day offers to the world the most complete monument to human reason. This is the mind which is destined to govern the world in the future, and to solve the problems pertaining to politics and humanity as well as to inanimate nature. It is the only mind which appreciates the imperfections of human reason, and is thus careful to guard against them. It is the only mind that values the truth as it should be valued and ignores all personal feeling in its pursuit.--Prof. H. A. Rowland. In my laboratory I find th at water of Lethe which causes that I forget everything but the joy of making experiments.--Robert Boyle. One use of physical science is that it gives definite ideas.--Sir Humphry Davy. THE general characteristics of the public school curriculum have already been considered, but the position of science in such a scheme has purposely been deferred. The subject is of such supreme importance from the point of view of national supremacy that it merits particular attention: a separate...
