

Counting Coup and Cutting Horses: Intertribal Warfare on the Northern Plains, 1738-1889

Filesize: 1.39 MB

Reviews

It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Jodie Wehner)

COUNTING COUP AND CUTTING HORSES: INTERTRIBAL WARFARE ON THE NORTHERN PLAINS, 1738-1889

DOWNLOAD

University of Nebraska Press. Paperback. Book Condition: new. BRAND NEW, Counting Coup and Cutting Horses: Intertribal Warfare on the Northern Plains, 1738-1889, Anthony McGinnis, Counting Coup and Cutting Horses is the comprehensive history of more than 150 years of intertribal warfare between northern Plains tribes and a study of the complex rivalries that prevailed among the Native societies that migrated into and around the region. It is a sweeping drama about the warriors' perpetual search for glory---from the plains of Nebraska to the grasslands of Saskatchewan, from the fields of Minnesota to the forests of Montana. It is also about the attempts of private interests (such as fur trading companies) and the U.S. government to control tribal warfare for their own purposes, and, ultimately, to end it. Anthony R. McGinnis consulted a wide variety of sources, including early travellers' accounts, government reports, and studies by other authorities, to provide a full account of the intricate cultural systems of the Arapahos, Assiniboines, Blackfeet, Sioux, Shoshonis, and Cheyennes. Depicting one of the most fascinating periods in western history, Counting Coup and Cutting Horses describes warriors such as Dull Knife, Plenty Coups, and Sitting Bull; women such as Sacagawea, Deer Little Woman, and Buffalo Calf Road; the cycle of raids and revenge; the impact of horses and guns; and the role of the American and Canadian governments.
