Report of the Fossil Plants, Vol. 6: Of the Auriferous Gravel, Deposits of the Sierra Nevada (Classic Reprint) (Paperback)

By Leo Lesquereux

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Report of the Fossil Plants, Vol. 6: Of the Auriferous Gravel, Deposits of the Sierra Nevada During the first three years of the existence of the Geological Survey of California, large collections of specimens were made in various parts of the State, and especially in the mining districts of the Sierra Nevada. Unfortunately these were in part destroyed by fire, and among the material thus lost was a fine suite of fossil leaves from the beds underlying the volcanic deposits of the west slope of the Sierra, and associated with the auriferous gravels so extensively worked by the hydraulic process. The loss thus incurred was in part made good by a collection of fossil plants placed at my disposal by Mr. C. D. Voy of Oakland, the specimens thus furnished forming a portion of the large collection purchased afterwards from Mr. Voy, and presented to the State University of California by the liberality of Mr. D. O. Mills of San Francisco. The specimens in question were subsequently placed in the hands of Mr. Lesquereux for description,...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.
